St. JOSEPH'S CARE AND SUPPORT TRUST ACTIVITIES REPORT 2019/20

AGYW received sanitary pads (Dark City Centre)

People living with HIV Support club (Roodepoort Farm)

Youth club is being educated on COVID 19 and behavioural change - (Dark City)

Community Support groups members are educated about COVID 19 Safety measures and Prevention. People Living with HIV are also encouraged to adhere to their medication and practice healthy quality life style. We render our services in Gauteng Province, at Tshwane Region 5&7. We pay attention to Adolescent Girls and Young Women and young boys and men.

We work in partnership with other local Stakeholders in fulfilling the millennium goals of 95 95 95 of our Department of Health and Department of Social Services. Our Orphans and Vulnerable Children are ±600 which receive our services. We have Forster Parents who take care of some of our children. We also have 5 Drop in Centres where we conduct services like: Psychosocial Support, Nutrition, Educational Support, Health services, Child Protection and Shelter. We are completely depended on Funding to execute quality standard services to our beneficiaries. We have experienced and qualified human capital which is dedicated and supportive. St. Joseph's is participating in the fight to curve the COVID 19 Pandemic. The team is screening, testing and referring COVID 19 symptoms to the local health Facilities. We also conduct COVID 19 contact tracing too.
